

Service Cloud QuickStarts

VRP QuickStart Services

Transform your organization with Salesforce®

Service Cloud cost-effectively in as little as 4 weeks

From £6100 / €6710 / \$6710

Our Salesforce QuickStarts are **fixed-price implementation packages** designed to deploy key Salesforce functionalities quickly and cost-effectively. By leveraging **proven best practices and tailored, scalable solutions**, we help businesses and nonprofit organizations swiftly achieve a high return on investment (ROI) thanks to **transformed processes and an empowered workforce**.

Perfect for...

Small and Medium-Sized Enterprises (SMEs)
starting their Salesforce journey.

Nonprofits (NGOs)
with challenging budgets needing an affordable, impactful solution.

Rapidly growing companies
looking to optimize and scale their processes.

Benefits of implementing Service Cloud

Streamline and improve customer support with case queues, assignment rules, and automation.

Support better case handling with organized team roles and a workspace for fast issue resolution.

Reduce manual work with automated workflows, validation rules, and email notifications.

Gain data-driven insights via custom reports and dashboards that help everyone stay on track.

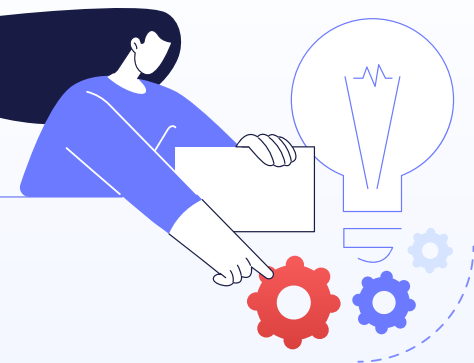

Improve efficiency with web-to-case, email-to-case, and milestone tracking enhancing operations.

Ensure compliance and security with role hierarchy and custom profiles for proper data access.

Why choose a QuickStart Implementation?

- ✓ Get live in as little as 4 weeks, with your teams making the most of it and seeing **fast results and benefits**.
- ✓ Built on best practices and experience, with a solution you can rely on for a **strong, scalable solution**.
- ✓ Starting with essential features and solid training simplifies user experience for **more effective usage, sooner**.
- ✓ VRP Managed Services helps further increase adoption by delivering **3 months of post go-live support**.*

*Sales Cloud, Service Cloud or Nonprofit Cloud QuickStart Implementations only
