

Marketing Cloud Account Engagement (MCAE) QuickStarts

VRP QuickStart Services

Transform your organization with Salesforce® Marketing Cloud Account Engagement cost-effectively in as little as 4 weeks

From **£18800 / €20680 / \$20680**

Our Salesforce QuickStarts are **fixed-price implementation packages** designed to deploy key Salesforce functionalities quickly and cost-effectively. By leveraging **proven best practices and tailored, scalable solutions**, we help businesses and nonprofit organizations swiftly achieve a high return on investment (ROI) thanks to **transformed processes and an empowered workforce**.

Perfect for...

Small and Medium-Sized Enterprises (SMEs)

starting their Salesforce journey.

Nonprofits (NGOs)

with challenging budgets needing an affordable, impactful solution.

Rapidly growing companies

looking to optimize and scale their processes.

Benefits of implementing Marketing Cloud Account Engagement

Keep sales and marketing aligned with the latest up-to-date insights thanks to data synced in real time.

Raise email deliverability and inbox placement thanks to proper domain setup and sender authentication.

Target and prioritize high-engagement prospects effectively via precise lead scoring and segmentation.

Track prospect interactions and optimize campaigns in real time using Engagement History Dashboards.

Keep marketing processes organized and scalable thanks to structured folders, automation, and rules.

Boost campaign performance and engagement via professional email templates, landing pages, and forms.

Why choose a QuickStart Implementation?

- Get live in as little as 4 weeks, with your teams making the most of it and seeing **fast results and benefits**.
- Built on best practices and experience, with a solution you can rely on for a **strong, scalable solution**.
- Starting with essential features and solid training simplifies user experience for **more effective usage, sooner**.

Optional additions

Data migration

Transfer of legacy data into Nonprofit Cloud, ensuring integrity, reducing manual effort, and giving easy access to historical insights.

Email integration

Connects email with Nonprofit Cloud for direct engagement, automated follow-ups, and stronger customer relationships.

Docomotion

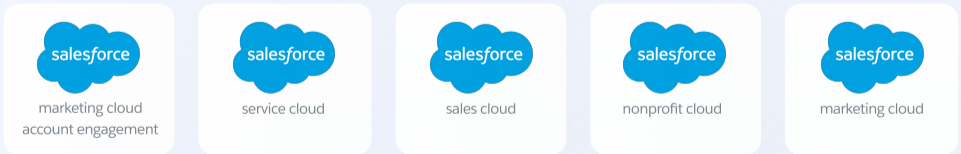

An embedded document generation solution for dynamic, branded content, faster approvals, and consistent communications.

Vinton Notetaker

Intelligent, Salesforce-native note capture solution that logs insights, action items, and interactions to enhance accuracy and collaboration.

Available for a range of Salesforce Clouds
